TRANS-X

IN A FEW WORDS

"Trans-X" was founded in 1981 by Pascal Languirand in Montreal, Canada.
The group's first EP "***Living on Video"***, quickly became a million seller around the world between 1984-1986 with the title track reaching the **Top 10 on the international music charts**.

"***Living on Video"*** went on to become ***"the most successful and influential Hi-NRG/electro song of all time, and also the most covered 12" single in history"*** *according to EuroDanceHits, June '06.*

A true multi format crossover smash, ""***Living on Video"*** has the rare distinction of being a staple on both alternative rock radio and dance music playlists throughout the world.

*"**Hi-NRG"*** was always the sound of ***"Trans-X"***, says Pascal, "And that spirit is reborn in our new 1 1/2 hour live show, ***A Tribute To Hi-NRG 80's and Italo Disco***

An unforgettable experience that recaptures the original passion of classic"Hi-NRG" with spectacular lighting effects, live musicians, dancers…and, of course, the throbbing sounds of vintage analog synthesizers."
